

Thank you

Dear Keith,

10-1-15

Thank you so much for helping my family create a plan that will ensure my parents' final wishes will be carried out.

The plan you have outlined will allow my brother and I to have peace after they are gone knowing our questions, concerns, and long term needs to care for my sister will be in place.

My family agrees your professionalism, knowledge, and expertise are exceptional; and you made my parents, my brother, and myself very comfortable to work with you. Thank you!
